Event Venue

PRIME Plaza HOTEL SANUR - BALI

Adress:

Jl. Hang Tuah No.46, Sanur Kaja, Denpasar Selatan, Kota Denpasar, Bali 80228

International Conference & Exhibition on Powder Technology Indonesia 2023

From Opportunity to Economic Sustainability

What's on ICePTi?

Theme

"From Opportunities to Economic Sustainability"

Purposes

To explore ideas, research progress, technology, development of powder technology and processing.

To collaborate among researcher and industries in powder technology and its applications.

To take actions to achieve sustainable economic growth in industrial powder sector

Powder Processing Science and Technology

Powder for Medical Application and Biophysics

Energy and Environment

Powder Processing
Science and Technology

Aerosol and Colloidal Processing

Particle Modification Measurement and Control of Powder Processes

Advanced Powder Technology Powder and
Particle
Characterization

Process Modeling,
Simulation, Optimization,
and Control

Powders for Food,
Pharmaceuticals, and
Health Care

Powders for Green Energy Powders for Battery Materials

Energy Conversion and CO₂ Reduction

Dental Material

13th ICTAP

International Conference on Theoretical and Applied Physics

SFN XXXVII

Simposium Fisika Nasional

What's on ICTAP and SFN?

Theme

Theoretical and Application of Physics for Golden Indonesia 2045

Purposes

Developing and disseminating interdisciplinary research from many different fields of physics

Advanced materials

Astrophysics

Biophysics and Medical Physics

Energy and
Environmental
Physics

Geophysics

Instrumentation
Physics and
Electronics

Laser and Optoelectronics

Nanoscience and Nanotechnology

Physics Education

Theoretical and Computational Physics

Nuclear and Particle Physics Physics of System
Complex and
Econophysics

Important Dates

Date	Event
22nd June 2023	Registration Abstract Submission
ZZIIG JUII C ZUZS	Registration Exhibitor
6th July 2023	Deadline and Submission Payment
7th July 2023	Notification of Abstracts Status
27th July 2023	Paper Submission Deadline
21ot August 2022	Deadline Registration Visitor
21st August 2023	Joint Conferences
22st August 2023	Exhibition and Joint Conferences

Exhibition

Providing a platform for researchers and industry professionals to collaborate on powder technology and its various applications.

Exhibition Agenda

Tenants

Industry trade show by booth

Talkshow

Product industry presentation

Workshop

Business & product knowledge

Business Matching

Business networks

What's The Benefits?

Gained exposure to potential international tenants in relevant forums for the Indonesian market, particularly in the detailed segment

Have opportunities for business matching with relevant industries

Gain exposure through presentations on talk shows

Access legal and banking consultants for transactional processes

Network with relevant researchers and industry professionals

Receive shuttle services to and from the airport

Obtain opportunities for transactions at events

Obtain recommendations for lodging options available for 3 days, 2 nights stay

Have the opportunity for excursions

What's The Features?

Tenant booth
(Table, electricity, internet, chair, company nameplate, and poster)

Arrival and return transportation

Business matching

Allotted time for product presentations and company profiles to be showcased on talk shows.

Souvenirs

Provide recommendations for lodging options available for 3 days, 2 nights stay

Visitors (detail segment)

2 pax gala dinners

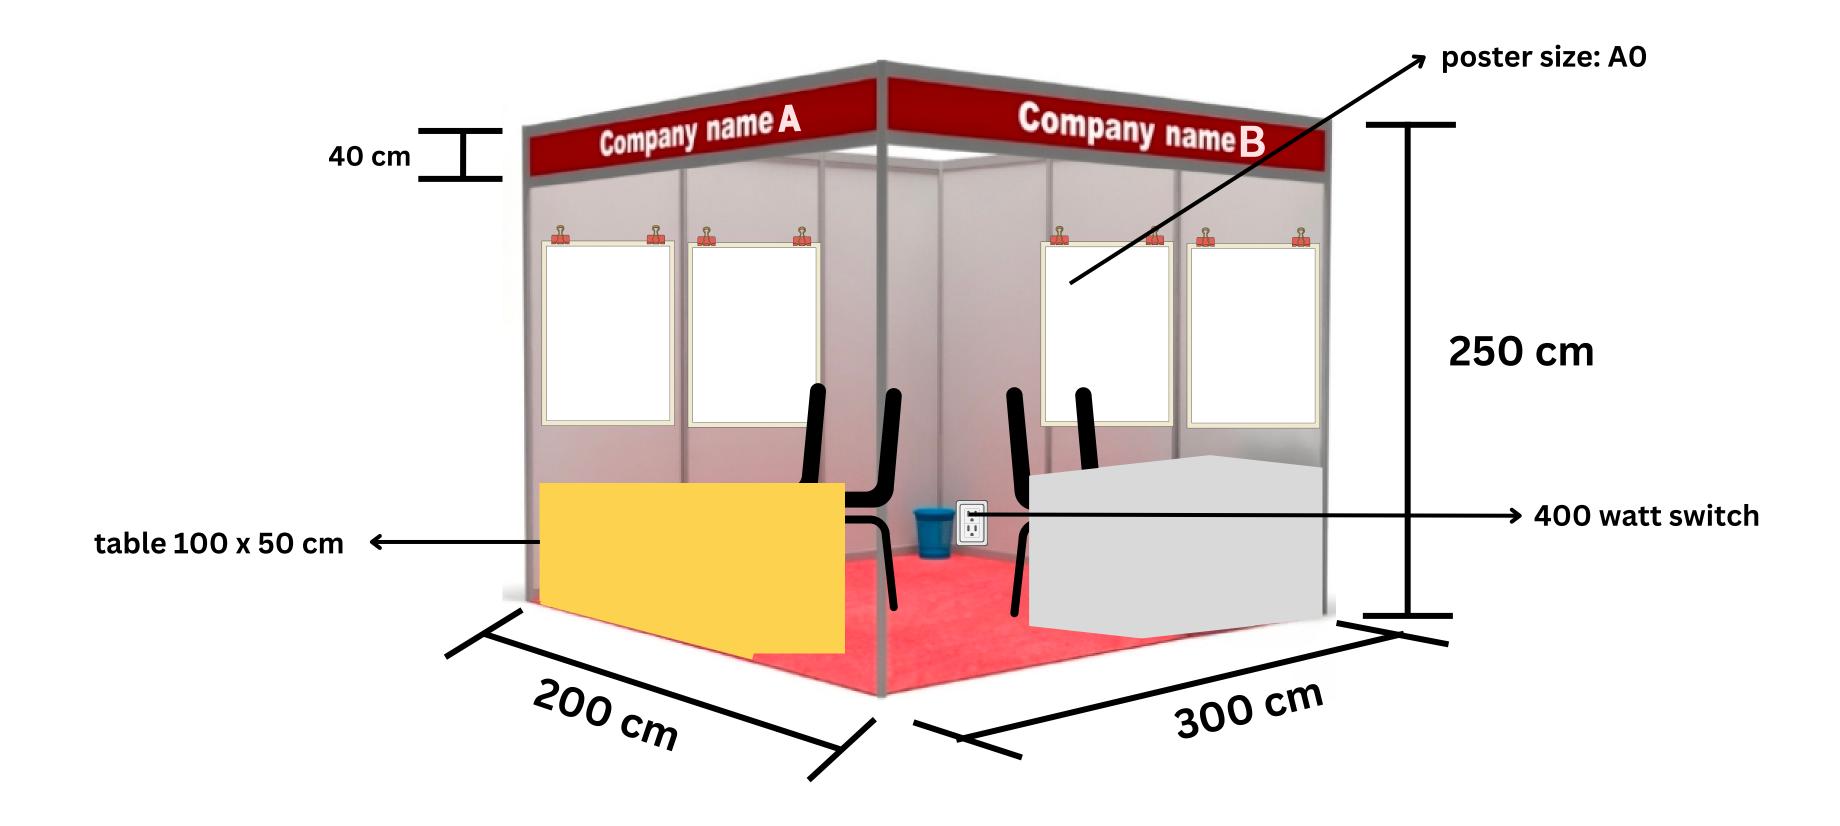

2 pax lunches

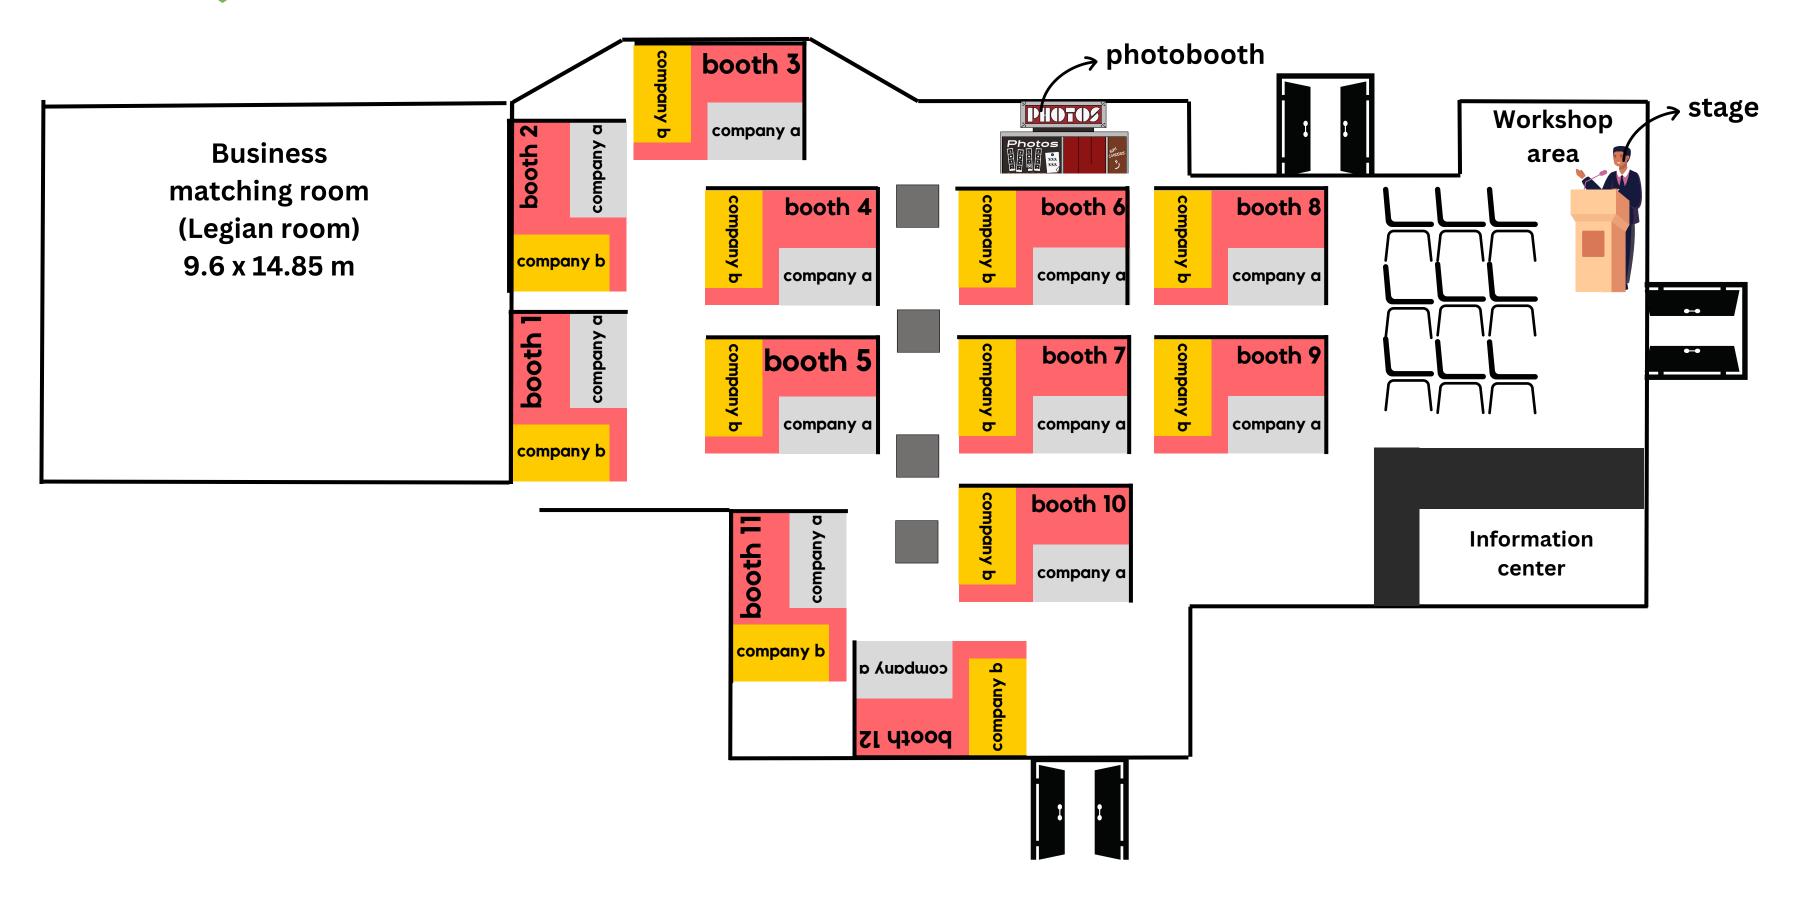

Provide recommendations for Interpreters

Nomba Coffee Factory

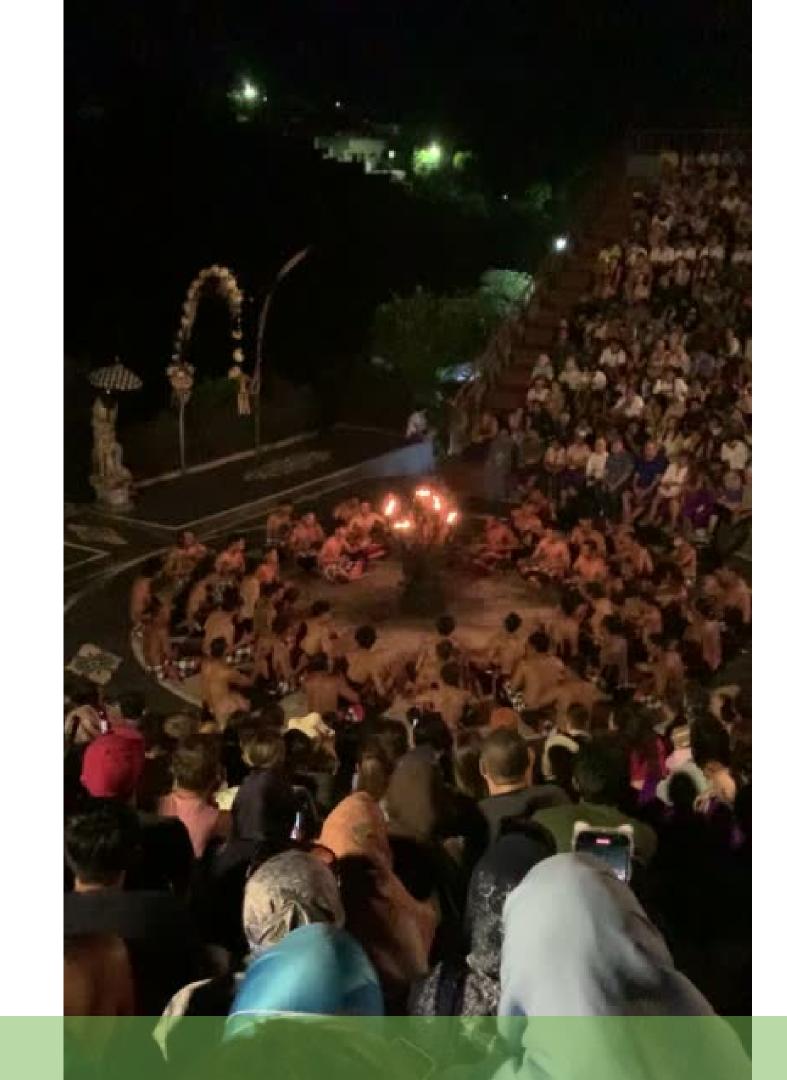

Domba coffee was born in 1998. Founded by Charles Huang who started his career in tourism where he was inspired to introduce good quality coffee to his guests. Domba Coffee resides in the heart of Kuta, Bali. Occupying up to 20 ton of production capacity each month in the 2300m2 space and working hand-in-hand with the locals. Now as a medium-sized enterprise, Domba Coffee came along with new ranges of products such as tea range and cocoa range.

Kecak and Fire Dance Uluwatu

One of the most unmissable Balinese experiences is watching the Kecak Fire Dance on the Uluwatu Stage, near the sunset cliff of Uluwatu temple. Uncover the epic story of Ramayana, an inspiration for most Balinese art performances. Enjoy this cultural presentation against the backdrop of a majestic Balinese sunset.

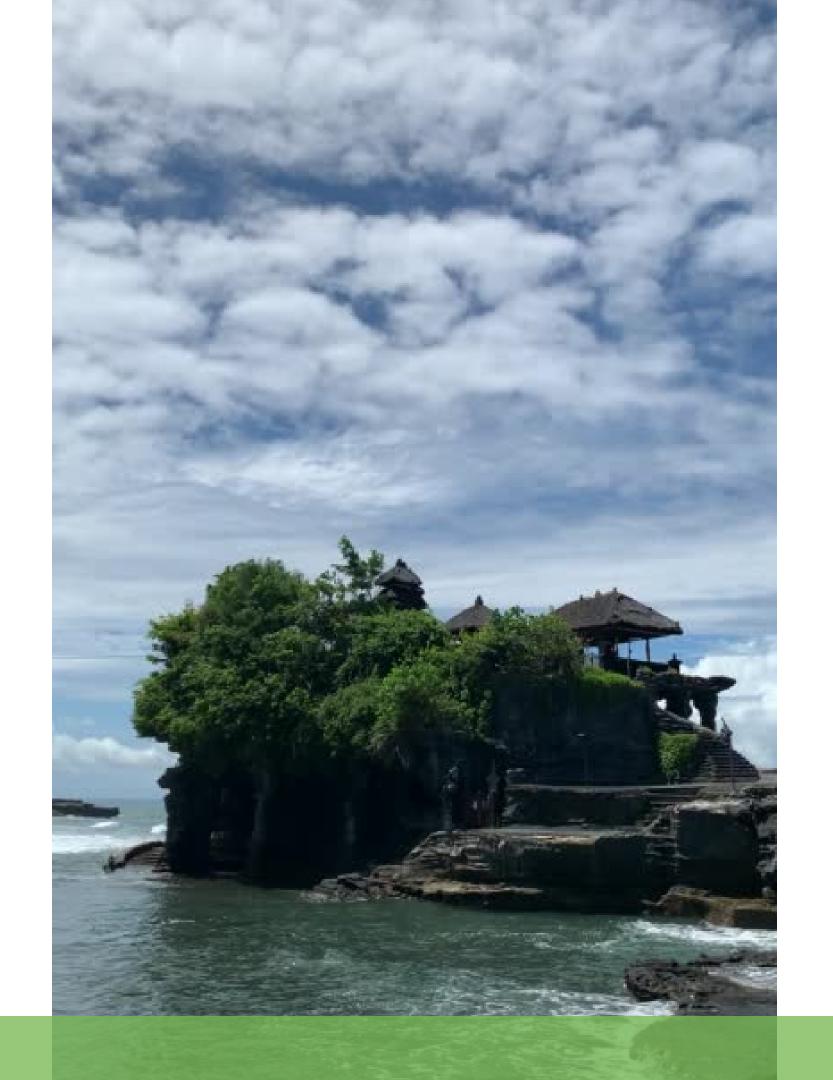

Penglipuran Village

Penglipuran is one of the traditional villages of Bangli Regency, Bali Province. This village is famous as one of the tourist destinations in Bali because of its people who still carry out and preserve traditional Balinese culture in their daily lives. The architecture of the building and land management still follows the concept of Tri Hita Karana, the Balinese philosophy of the balance of the relationship between God, humans, and the environment.

Jl. Penglipuran, Kubu, Kec. Bangli, Kabupaten Bangli, Bali

Tanah Lot Jemple

Tanah Lot is a rock formation off the Indonesian island of Bali. It is home to the ancient Hindu pilgrimage temple Pura Tanah Lot, a popular tourist and cultural icon for photography. Tanah Lot means Land in The Sea, a perfectly fit name for its unique offshore settings.

Jimbaran Seafood

Jimbaran seafood cafe serves freshly grilled seafood at candlelit tables laid out on the beachfront. As the sun goes down, the horizon features faint lights from Ngurah Rai Airport and traditional fishing boat lanterns at sea.
